Roadways and Intersections

Harrison Township

KILBY ROAD: Harrison Avenue to US 50
Upgrade Road to Resolve Horizontal and Vertical Deficiencies
RANKING: 44th OF 61

CAROLINA TRACE: New Biddinger Road to West Road
Lane Addition in each Direction
RANKING: 49th OF 61

NEW HAVEN ROAD: Carolina Trace to Dry Fork Road
Widen Road to 12' Lanes, Paved Shoulders, Fix Horizontal and Vertical Deficiencies, Reconfiguration of New Haven/Dry Fork Intersection
RANKING: 33rd OF 61

* RANKING refers to the position of the respective project on the evaluation matrix for all recommendations made by the Western Hamilton County Transportation Study. Recommended projects were divided into one of three groupings: Roadway/Intersection, Transit, and Pedestrian/Bicycle. Each matrix evaluated projects with respect to: Improvement of Safety, Improvement of System Operations & Reducing Congestion/Mitigating Capacity Deficiency, Promoting Connectivity, Promoting Multi-Modal Use, Consistency with Land Use and Zoning Plans, Avoiding Supplemental Impacts, Use of Existing Right of Way, Integration of Access Management, Economic & Physical Feasibility, and Level of Local Support. Weighted scores were tallied and projects were ranked based on the total score received.
