

**Questions and Answers Documentation for:**

- **CBT Conveyor Belting Purchase - RFP**
- **Professional Services for CBT Conveyor Belting Installation - RFQ**
- **Professional Services for CBT Conveyor System Concrete Work - RFQ**

*The following questions were received by email at [rbancroft@oki.org](mailto:rbancroft@oki.org) by the February 17, 2022 12:00 p.m. EST deadline.*

1. Q: Can you please tell me if the attached project's are rebids of the project's that currently bid 1/28/2022?

A. OKI did not receive any submittals by the January 28, 2022 Noon EST deadline in response to the following two public requests:

  - RFP – CBT Conveyor System Belting Purchase and Installation
  - RFQ – CBT Conveyor System Concrete Work

Therefore, yes, the projects posted today [February 20, 2022] are the Second Requests or “rebids” for the above RFP and RFQ.

Please note that in this Second Request, the RFP for the Belting Purchase and Installation, has been divided into the following two separate public requests:

  - RFP – CBT Conveyor System Belting Purchase
  - RFQ – CBT Conveyor System Belting Installation
2. Q: I am looking for more information regarding the request for quotes regarding the conveyor belting. I tried to find this section on your website but did not have any luck.

A. The **Second Request for Proposals – CBT Conveyor Belting Purchase** is posted on [www.oki.org](http://www.oki.org). Please scroll down the OKI homepage to the section titled, “News & Updates.” You’ll find the RFP announcement next to the date of February 20, 2022. Click the entry and there will be a link to the RFP document. If you have any further questions, please send them directly to me at [rbancroft@oki.org](mailto:rbancroft@oki.org) by Noon EST, February 17, 2022.
3. Q: The only question I have is the brand of belting, based on the specification the belting would be a Fenner Dunlop brand. If we are able to offer another US manufacturer brand of belting that meets or exceeds the specifications of this belt would that be acceptable??

A. Other US manufacturer brands that meet the specifications are welcome to be submitted in proposals.
