

**Request for Bid Proposals - US 50 SIGNAL AND INTERSECTION IMPROVEMENTS: BENCHMARK
RIVER & RAIL TERMINAL GATE 2**

Questions and Answers Documentation

- *Q&A numbers 1-3 were received during the May 14, 2024 Public Pre-Bid On-Site Visit and transcribed immediately following the event.*
 - *No questions were received by email at rbancroft@oki.org by the May 17, 2024 Noon EDT deadline.*
1. Q: Will the selected firm need railroad insurance?
A. Yes, if and to the extent that the firm is performing work on or about railroad property. This is covered in section 4.13 and detailed in Appendices C and D of the RFP.
 2. Q: Will the selected firm have to coordinate work with the railroads?
A. No, Benchmark will conduct coordination. However, some work may require direct communication between all parties (e.g. final preemption signal wiring connections).
 3. Q: Is Duke Energy handling utility relocation?
A. Yes. Duke should be initiating utility relocation by June 1, 2024 or shortly after. Poles will be modified or repositioned, and/or moved to the north side of US 50.
